

Amir Sheibani

Senior Flutter Engineer · Mobile Architecture & Platform

Tehran, Iran · Open to remote / relocation (Finland, Germany, Nordics)

sheibani.amir@gmail.com · +98 912 233 1488 · linkedin.com/in/amir-sheibani-53a34954

SUMMARY

Senior Flutter engineer with 10+ years building production Android, iOS, and Flutter apps across banking, enterprise ERP, marketplaces, and fintech. Currently focused on **platform and infrastructure**: designing and implementing a reusable Flutter base framework and Clean Architecture foundations for an enterprise ERP product. Previously Flutter Team Lead for **Hamrah Shahr Plus (Bank Shahr)** — **3.5M+ installs** on Cafe Bazaar — with Android / iOS / PWA delivery, architecture modernization, and release ownership. Seeking Senior / Lead Flutter roles in Finland, Germany, and the Nordics. English: B1 (improving toward B2).

EXPERIENCE

Senior Flutter Developer — Platform & Architecture

Jan 2026 – Present

Zarpparan Hushmand Development & Innovation (Aria Fateh Middle East Holding — Minerva ERP) · Tehran

- Build infrastructure and platform code for Minerva, an enterprise ERP Flutter dashboard used across the holding.
- Design and implement an internal Flutter base framework and project skeleton for shared Clean Architecture.
- Separate DI from presentation state (get_it + injectable; Riverpod for UI/app state); document decisions via RFC/ADR.
- Establish multi-flavor bootstrapping (dev / stage / prod), go_router patterns, and Dio networking foundations.

Flutter Team Lead — Hamrah Shahr Plus

Feb 2024 – Dec 2025

CityDI (City Development & Innovation) · Tehran

- Led Flutter delivery for Hamrah Shahr Plus (Bank Shahr), a banking app with 3.5M+ Cafe Bazaar installs.
- Owned banking journeys including biometric login, onboarding, loans, transfers, cards, checks, bills, and reporting.
- Drove Clean Architecture modernization, encryption, Sentry logging, and Android / iOS / PWA clients.
- Owned release pipeline with Fastlane, GitHub Actions, and Firebase App Distribution for weekly releases.

Senior Flutter Developer

Sep 2023 – Feb 2024

CityDI · Tehran

- Shipped core Flutter features for Bank Shahr mobile banking before moving into team lead.

Senior Flutter Developer (Contract / Part-time)

Jun 2023 – Mar 2025

E-Ways · Remote

- Sole Flutter developer for a vendor marketplace (Android + iOS); 1,000+ vendors and 10,000+ users in 6 months.
- Integrated REST APIs and analytics for inventory freshness and conversion insights.

Senior Flutter Developer

Sep 2022 – Aug 2023

Apollon · United Kingdom · Remote

- Built UK rental app: auth, maps/Street View, chat, Stripe verification, contracts, and payments; 500+ users in 3 months.
- Modularized features and improved state management for faster delivery.

Senior Flutter Developer

Jul 2022 – Mar 2023

Ernyka Holding (Excoino, Enyfex, related products) · Tehran

- Crypto wallet / trading features, API integration, and performance work on lower-end devices.

Flutter Developer

Apr 2022 – Oct 2022

Squad · Remote

- Store module, chat, and payment gateway work for a social-commerce app (~5,000 active users).

Lead / Senior Flutter & Frontend Developer

Apr 2021 – Jul 2022

Behpardaz Jahan · Tehran

- Delivered Flutter and frontend work across commerce, CRM, and research prototypes; built reusable UI kits and state patterns.

Software Development Supervisor

Sep 2017 – Apr 2021

Hamgam Pardaz / Hamgam Corporate Group · Tehran

- Supervised mobile delivery while remaining hands-on across Android and iOS product work, releases, and code quality.

Mobile Developer (Android / iOS)

Jun 2016 – Sep 2017

Hamgam Pardaz / Hamgam Corporate Group · Tehran

- Built a native **Android** JTI field-sales app (plans, ordering, tracking) used by **500+ sales representatives**.
- Built a native **iOS** home-goods commerce app in **Swift** with interactive **ARKit** experiences.
- Integrated REST APIs and async data flows for inventory/order updates across many concurrent field devices.

EDUCATION

B.Sc. Computer Hardware Engineering — Adiban Garmsar, Iran · 2013

A.Sc. Computer Software Engineering — QIAU, Qazvin, Iran · 2009
